

New Incorporation Requirements

- Statement required to confirm that the company is being formed for a lawful purpose
- Company's registered email address to be provided for communications from Companies House. This must be an appropriate address where an email can be received, confirmation of delivery can be provided, and the email will be brought to the attention of the addressee.

These requirements will be in force from 4 March 2024

In due course, when the systems are upgraded at Companies House, identity verification will be required prior to the individual's appointment as a director or PSC on incorporation.
